Owners' Lounge  
01262 469456

**Haven WiFi** WiFi access available for casual internet browsing in The Venue, The Lakes Owners' Lounge and Golf Club.

### KEEPING GREEN

- Let's reuse and recycle everything we can - we have cardboard and bottle banks on park.
- Think about reducing the carbon footprint and have a walk to the shop. Or cycle to Hornsea if getting out and about.
- Remember to physically switch things off: lights, electrical items, taps and garden hoses. Leaving them on standby still uses your electricity and costs you money.
- Take a shorter shower and install a low-flow shower head, this will save you money on your gas bill by using less hot water.
- Dry clothes outside whenever possible to save using extra electricity.
- Book swap with friends or at our library on the park or buy from second hand stores and charity shops to reduce paper and ink used in new books, and saves you money!
- Wash clothes in cold water whenever possible. 85% of energy used to machine wash clothes is used to heat the water.
- Donate or recycle your mobile phones, computers and other electronic items. E-Waste contains mercury and other toxins damaging our environment.
- Invest in reusable water/juice bottle - preferably aluminium rather than plastic. This will keep your drinks cooler whilst reducing the plastic bottle waste.

### GO EXPLORE

- Why not feed the ducks and geese whilst enjoying a walk around the country park?
- Join our 'Nature Rocks' club where you can grow your own fruit and veg, explore the country park on our nature walks and go pond dipping.
- When you go down the woods today, look out for the animal tracks. Can you tell the difference between the foxes, badgers, rabbits and deer?
- For a peaceful afternoon why not try a spot of bird watching at the country park. How many species of bird can you spot?
- Fancy a family picnic in the great outdoors? Take your pick from views overlooking the lake or out to sea.
- Go and explore the dipping pond and see what you can catch. We have newts, frogs and the odd goldfish or two.
- Why not join us on a mini beast hunt? We will take a trek around the country park and pay a visit to our bug hotel along the way.
- Fancy a day at the beach? You can paddle along the shore or build sand castles and collect some shells.
- Enjoy a friendly game of tennis or football and have fun whilst keeping fit at the same time.
- How about some good old fashioned fun? From kite flying to playing frisbee and rounders, we have a lovely playing field perfect for outside games.
